

Blessings of HOPE partners with ministries throughout Pennsylvania and surrounding states by providing food for local outreaches. As demands for their services continue to rise, they are in urgent need of more refrigerated space to store up to 2,000 skids of food.

Please help in supporting them as we follow Christ's instruction to feed the hungry. Not only will you help them to expand their efforts, but you will be helping our church earn food to distribute to our own local community.

Please submit your donation in today's offering marked for Blessings of HOPE, or give on-line at:
